Vendor Registration Portal

eXba®

Simplifying Vendor Registration Processing

KEY FEATURES

- CENTRAL INFORMATION STORE OF ALL VENDORS WITH THEIR ADDRESS, LOCATIONS, BANK DETAILS, ATTACHMENTS ETC.
- EMAIL FOR APPROVAL
- WORKFLOWS FOR APPROVAL PROCESSES.
- INTEGRATED WITH INFOR SUNSYSTEMS
- API BASED INTEGRATION TO AUTHENTICATE KYC ID SUCH AS PAN/GSTN ETC.
- CAN BE DEPLOYED ON INTRANET AS WELL AS INTERNET.

Are you having trouble in getting Vendor information for your ERP? Then we have a solution for you.

Our Add-on module will allow you to collect all required information about the Vendor such as Name, Address, Bank details, PAN, GST numbers etc. and allow you to enclose all required PAN/TAN/GST certificates. You can even setup an approval process before final acceptance of the Vendor. Once accepted, it will be generating the file required for your ERP. **We have fully integrated this process in Infor Sunsystems.**

Going forward, you can provide a link to your Vendor/Supplier, who will input all the required information and submit for your approval/verification, saving your team's time and cost. Additionally, we can authenticate the Vendor KYC IDs such PAN/GST/MSME from the respective portals.

Flexible solutions for Your business needs

Key highlights:

- Email integration wherein email is sent to approver for the approval.
- Security to restrict access of to certain set of people.
- Attach all required supporting certificates/documents required for your Vendor Compliance.
- Fully integrated with Infor Sunsystems. Once approved, it will automatically create Vendor/Supplier master record in the Sunsystems.
